INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Torrey Pines Securities, Inc.
San Diego, California

We have audited the accompanying statement of financial condition of Torrey Pines Securities, Inc. as of December 31, 2003 and 2002, and the related statements of income, changes in shareholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Torrey Pines Securities, Inc. as of December 31, 2003 and 2002, and the results of its operations, changes in shareholder's equity, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Note 2 and Schedule I - Computation of Net Capital, Schedule II - Computation of Net Capital Requirement, and Schedule III - Computation of Aggregate Indebtedness on pages 18, 19 and 20 are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Supplementary Schedule IV - Operating Expenses as well as Schedules I - III have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 1- NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies of Torrey Pines Securities, Inc., ("the Company"), consistently applied in the preparation of the accompanying financial statements follows:

Business Activity

Torrey Pines Securities, Inc. was incorporated on January 31, 1983, under the laws of the State of California. The Company is a licensed broker-dealer under the jurisdiction of the National Association of Securities Dealers, Inc. (NASD). The Company sells to their clients different investments which are called products. Each product generates a commission to the Company based on the sales. The Company's principal market is the United States.

The Company entered into an agreement in March of 1996, with Correspondent Services Corporation, whereby all security transactions are cleared through Correspondent Services Corporation. During 1992 Torrey Pines Securities, Inc. acquired technology to place orders on the wholesale market. These transactions are also cleared through Correspondent Services Corporation. Under the terms of the agreement, all orders are executed and all customer accounts carried by Correspondent Services Corporation are on a fully-disclosed basis.

Revenue Recognition

The Company uses the accrual basis of accounting. Accordingly, revenues from securities transactions are recorded in the period in which they are earned and expenses are recorded in the period in which they are incurred. Securities transactions are recorded on a settlement date basis. The effect of events on the business is recognized as services are rendered or consumed rather than when cash is received or paid.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, demand deposits with financial institutions, and highly liquid debt and equity instruments with original maturities of 90 days or less.

Marketable Securities

Marketable securities are carried at fair market value in accordance with Statement of Financial Accounting Standards No. 115. All of the securities are classified as trading securities. Realized gains and losses on securities are determined by using the average cost method.

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 1- NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Property and Equipment

Property and equipment are carried at cost. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the respective assets, ranging from five to seven years. Repairs and maintenance that do not extend the useful life of the assets are charged to the expense as incurred; major renewals and betterments are capitalized. When items of property and equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts, and any gain or loss is included in income.

Deferred taxes

The Company has adopted Statement of Financial Accounting Standards No. 109 (SFAS 109), Accounting for Income Taxes. SFAS 109 is an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. In estimating future tax consequences, SFAS 109 generally considers all expected future events other than enactments of changes in the tax law or rates.

Leases

Leases are classified as either capital or operating leases. Leases that substantially transfer all of the benefits and risks of ownership of property to the Company are accounted for as capital leases. At the time a capital lease is entered into, an asset is recorded together with its related long-term obligation to reflect the acquisition and financing. Rental payments under operating leases are expensed as incurred. As of December 31, 2003 and 2002, all of the Company's lease agreements have been properly classified as operating leases.

Concentration of Credit Risk

The Company performs ongoing evaluations of its customers and generally does not require collateral.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 2 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2003 and 2002, the Company's net capital ratio was approximately 0.31 to 1 and 0.29 to 1, respectively. At December 31, 2003 and 2002, the Company had net capital of \$552,665 and \$647,238, respectively, and net capital requirements of \$250,000. Aggregate indebtedness was \$171,328 and \$186,706, respectively, for the years then ended. The net capital rules may effectively restrict the withdrawal of equity capital, such as cash dividends.

NOTE 3 - HAIRCUTS ON SECURITIES

Pursuant to Rule 15c-3-1(f), haircuts were computed as follows for December 31, 2003

	Computation Value	Haircuts
15% on long equity position	\$ 330,648	\$ 49,597
85% on blockage concentration	2,695	2,291
		<u>\$ 51,888</u>

Pursuant to Rule 15c-3-1(f), haircuts were computed as follows for December 31, 2002:

	Computation Value	Haircuts
7 1/2% on non-convertible debt securities	\$ 114,769	\$ 8,608
15% on long equity position	400,761	60,114
15% on undue concentration	40,916	6,137
40% on options	350	140
85% on blockage concentration	19,164	16,289
		<u>\$ 91,288</u>

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 4 - SECURITIES INVESTOR PROTECTION CORPORATION MEMBERSHIP

The Company is a member in good standing of the Securities Investor Protection Corporation.

NOTE 5 - PROFIT SHARING PLAN

The Company sponsors a 401(k) profit sharing plan covering all eligible employees. Participants may elect to defer a percentage of their compensation by making contributions to the plan. The Company may match (at its discretion) the employee contributions according to the terms of the plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's contributions for the years ended December 31, 2003 and 2002 were \$12,438 and \$16,870, respectively.

NOTE 6 - MARGIN DEBT ACCOUNT

The Company entered into an ongoing agreement in March of 1996, with Correspondent Services Corporation, whereby the Company may borrow against the securities in its accounts, which secure the debt. Interest is charged monthly to the Company's account on the outstanding balance of margin debt at a variable rate. The rate of interest charged has approximated 6.125% during the years ended December 31, 2003 and 2002. Interest incurred on margin debt was \$0 and \$0 for the years ended December 31, 2003 and 2002, respectively.

NOTE 7 - COMMITMENTS

The Company has commitments under operating leases with remaining non-cancelable terms in excess of one year at December 31, 2003, pertaining to the rental of office. The lease for office space expires in the year 2008 and maintains an option to extend the lease for an additional five years. The minimum lease payments exclusive of taxes, insurance and maintenance, for the following five years are:

<u>Year ending December 31,</u>	<u>Total</u>
2004	\$ 253,431
2005	258,813
2006	264,195
2007	269,579
2008	251,637
	<u>\$ 1,297,655</u>

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 7 - COMMITMENTS (Cont.)

Rent expense for premises for the years ended December 31, 2003 and 2002 were \$282,774 and \$263,766, respectively.

NOTE 8 - CONTINGENT LIABILITIES

In the normal course of business, the Company is occasionally named as a defendant in various legal matters. It is the opinion of management and of legal counsel that the disposition of such matters will not have a material adverse effect on the Company's financial position or results of operations.

NOTE 9 - INCOME TAXES

The provision for income taxes at December 31, 2003 and 2002 is as follows:

		2003		
		Current	Deferred	Total
Federal State		\$ 0	\$ 0	\$ 0
		800	0	800
		<u>\$ 800</u>	<u>\$ 0</u>	<u>\$ 800</u>
		2002		
		Current	Deferred	Total
Federal State		\$ 0	\$ (117,200)	\$ (117,200)
		800	0	800
		<u>\$ 800</u>	<u>\$ (117,200)</u>	<u>\$ (116,400)</u>

See accompanying notes to the financial statements

TORREY PINES SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 9 - INCOME TAXES

The Company's total deferred tax assets, deferred tax liabilities, and deferred tax asset valuation allowances at December 31, 2003 and 2002 are as follows:

	<u>2003</u>	<u>2002</u>
Total deferred tax (liabilities)	<u>\$ 0</u>	<u>\$ 0</u>
Total deferred tax assets	0	124,275
Less: valuation allowance	<u>0</u>	<u>(30,000)</u>
	0	94,275
Net deferred tax asset (liability)	<u><u>\$ 0</u></u>	<u><u>\$ 94,275</u></u>

At December 31, 2003 and 2002, deferred income taxes primarily represent the difference in book and tax depreciations and federal net operating losses. The Company suffered four years of consecutive losses and, therefore, realization of deferred tax assets arising from state net operating loss carry-forward is unlikely.

NOTE 10 - ANNUAL AUDITOR'S REPORT FORM X-17A-5

The Statements of Financial Condition and related statements of the annual audit pursuant to Rule 17a-5 are available for examination at the principal office of Torrey Pines Securities, Inc., 12626 High Bluff Drive, Suite 400, San Diego, California 92130, and the regional office of the Securities and Exchange Commission located at 5670 Wilshire Blvd., 11th Floor, Los Angeles, California 90036.

NOTE 11 - NOTES RECEIVABLE

The Company has uncollateralized demand notes receivable of \$110,178 and \$135,714 at December 31, 2003 and 2002. These notes had been classified as other assets in the accompanying financial statements and have various rates of interest.

See accompanying notes to the financial statements

SUPPLEMENTARY REPORT ON INTERNAL ACCOUNTING CONTROL

To the Board of Directors
Torrey Pines Securities, Inc.
San Diego, California

We have examined the financial statements of Torrey Pines Securities, Inc. for the years ended December 31, 2003 and 2002, and have issued our report thereon dated February 4, 2004. The Company does not clear transactions or carry customer accounts, therefore, the following procedures for safeguarding securities were omitted: (i) the reserve required by Rule 15c3-3; (ii) making the quarterly securities examination, counts, verifications and comparisons and the recordation of differences required by Rule 17a-13; (iii) complying with the requirements for prompt payment for securities of Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System; and (iv) obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

As part of our examination, we reviewed and tested the system of internal accounting control. The practices and procedures following in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) were tested to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and by Rule 17a-5 of the Securities and Exchange Commission. Rule 17a-5 contemplates that the scope of the review and tests should be sufficient to provide reasonable assurance that any material weakness existing at the date of our examination would be disclosed. Under these standards and that Rule the purposes of such evaluation are to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to provide a basis for reporting material weaknesses in internal accounting control.

The objective of internal accounting control is to provide reasonable, but not absolute, assurances as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessary requires estimates and judgments by management. However, for the purposes of this report under Rule 17a-5, the cost benefit relationship has been disregarded in determining weaknesses to be reported.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect either to the estimates and judgments of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the system of internal accounting control for the years ended December 31, 2003 and 2002, which was made for the purposes set forth in the second paragraph above and would not necessarily disclose all weaknesses in the system which may have existed during the period under review, disclosed no weaknesses that we believe to be material.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
